

# QUICK•STEP® REPAIR KIT

## Matching Matrix

| Shades in () are not always necessary (depending on the surface area). Notice that they change the colour so much that you only need a very small amount of it.<br>For the grains: use a little more or even only the darker brackets. |                                |              |                 |                 |                 |
|--|--------------------------------|--------------|-----------------|-----------------|-----------------|
